River Farm America Foundation
March 2020 Programs

**Tuesday for Tots** – This program is best suited for children ages 2-5.
Join us for this fun and educational time for our littlest visitors! Experiment together with art, science, language, and math early learning activities that support early childhood learning. Children can practice important skills like taking turns and making a friend as they explore the different stations that promote school readiness, social connections, and skill development. Check each date for a different theme & activity.
**What are we learning:** Fine and Gross Motor skills, Social and Emotional Maturity, Early Literacy and Early Math Skills

**Alphabet Soup** – This program is best suited for children ages 2-5.
Join us for our preschool literacy and language program. Each program we'll learn a different letter using books, songs, crafts, and fun interactive activities! Children will create real world connections as they familiarize themselves to the alphabet, new vocabulary words, and letter rhymes. They will also use their imagination and creativity as they craft a piece of artwork based on the letter of the day.
**What are we learning:** Language Proficiency, Communication Skills, Listening Skills, Identification and Recognition Skills, Gross Motor Skills and Fine Motor Skills.

**Science Explorers** – This program is best suited for children ages 3 & up.
Discover the many ways science is all around us in a program that is designed to spark curiosity and create those surprising “a-ha” moments for children that can last a lifetime. Whether children are experimenting with smells, designing an air powered car, or experimenting with color and dyes, these multi-sensory activities foster curiosity, creativity, and problem-solving skills.
**What are we learning:** Cognitive Development, Early Science and Early Math Skills, Fine Motor Skills, Focus, Perseverance, Problem-solving Skills, and Critical Thinking Skills.

**STEAM Saturday** – This program is best suited for children ages 3 & up.
Join us as we introduce beginner science concepts with engaging, hands-on activities. This program focuses on the art and science of architecture, engineering, and chemistry as well as increase children's awareness of botany, outdoor recreation, and nutrition.
**What are we learning:** Cognitive Development, Discovery, Early Science and Math Skills, Fine Motor Skills, Gross Motor Skills, Listening Skills, Problem Solving Skills, and Critical Thinking Skills.

**Member’s Monday Morning** – All ages.
To show our appreciation for our members, The Children's Museum at Saratoga is open the second Monday morning of every month for members to enjoy an exclusive playtime at the Museum.

**Making Connections Autism Program** – **Sunday, March 29th from 9:30am-12:00pm.** The Children's Museum at Saratoga is offering an early intervention program for children on the spectrum and their families. Meet other families in the area while exploring the Museum during this special off hour time. The Children's Museum at Saratoga is pleased to offer the Making Connections program free of charge for families thanks to the generous support of our sponsors! The Saratoga Springs Lions Club and our members and guests who have contributed to our Give Play initiative.

**Caffè Lena On The Road “The Young Novelists”** – **Thursday, March 5th at 1:30 pm.** Come make music with us! A charming folk duo from Canada will put on an engaging and interactive children's show as part of their residency with Caffè Lena's On The Road program.

**Rainbow Horse** – **Friday, March 20th at 10:30 am.** Learn about all the different colors horses can be and create your own rainbow horse with The National Racing Museum and Hall of Fame!
