Story Time ● ●

Join us for our preschool literacy and language program. Each week we'll read a different book allowing your child to create real world connections as they familiarize themselves with the alphabet, new vocabulary words, and rhymes.

What are we learning: Early Literacy, Critical Thinking Skills, Socio-emotional Skills

Science Explorers ● ● ●

Discover the many ways science is all around us in a program that is designed to spark curiosity and create those surprising "a-ha" moments for children that can last a lifetime. Whether children are experimenting with smells, designing an air powered car, or experimenting with color and dyes, these multi-sensory activities foster curiosity, creativity and problem-solving skills.

This program is sponsored by National Grid.

What are we learning: Cognitive Development, Early Science and Early Math Skills, Fine Motor Skills, Focus, Perseverance, Problem Solving Skills, Critical Thinking Skills

Mother's Day Card Making ●

Let mom know just how special she is with a card made by you just for her! Join us for fun and creative card making and a little bit of science to go with it.

Colonie Center Pop-up Program ●

Join Museum staff at Colonie Center for a fun and free program open to the public located by the fireplace just outside H&M.
